Document Solutions

DESIGN INNOVATION, POWERFUL PERFORMANCE...
THE PERFECT MIX.

The **ECOSYS M6635cidn Series** and the **ECOSYS P7240cdn Series** of A4 (8.5" x 14") Color Multifunctional Printers (MFPs) and Printers include six advanced solutions – three in each series. Compact and feature-rich, these state-of-the-art systems boast fast throughput speeds, stunning image quality, versatile paper handling and substantial memory capacity. Extended capabilities abound: intuitive touch screen, mobile connectivity, multi-level security and gigabit networking. With versatile MFPs and rugged printers, Kyocera offers the perfect mix of productivity tools that deliver big benefits...in a small footprint.

MASTERS AT MULTI-TASKING.

Always at the ready, the reliable ECOSYS M6635cidn Series places Color Print, Copy, Scan and Fax[1] functions within easy reach. Users enjoy fast print speeds (up to 37 ppm), ample paper supply (standard 350 sheets; expandable up to 1,850 sheets), exceptional True 1200 x 1200 dpi resolution (at reduced speed), large memory (1 GB; upgradeable to 3 GB) and optional hard drive (up to 128 GB). Whether processing color or black-and-white jobs, this MFP series excels at every task.

For effortless walk-up Copy, Scan and Fax[1], the 37-ppm models support a 100-sheet Dual Scan Document Processor (DSDP) that handles two-sided originals in a single pass. A time-saving 75-sheet Reversing Automatic Document Feeder (RADF) is standard on the 32-ppm model, making quick work of multi-page originals.

To measurably reduce paper costs, duplex (two-sided) printing is standard. Take advantage of the manual stapler option as well, for distribution-ready hard copy. With the ECOSYS M6635cidn Series you save space, time and money!

ECONOMICAL, TIMELY, IN-HOUSE COLOR.

ECOSYS P7240cdn Series Color Printers bring superior color printing to the desktop. Built on the same powerful engine as the MFP Series, these ultra-reliable printers are also ideal for small office and workgroup environments. Combining brilliant imaging with extended duty cycles, the ECOSYS P7240cdn Series Color Printers drive high-quality, full-color print productivity. Experience fast, uninterrupted workflow with robust print speeds (up to 42 ppm), first-color page time of 7.5 seconds or less and substantial in-line paper supply (up to 2,100 sheets). Built for lasting value, the ECOSYS P7240cdn Series Color Printers are the smart choice to help grow your business.

[1] ECOSYS M6635cidn and ECOSYS M6630cidn are all-in-one models; Fax is included.

CUSTOMIZABLE DISPLAY.
SIMPLIFIED TASKS.

Complete tasks with ease through the MFP's intuitive, tablet-like 7" touch screen display, where feature icons can be organized in any desired layout. Panel and system usability and accessibility is further enhanced with a choice of hard and soft numeric keypads, adjustable panel viewing, Help menu and magnification features.

SAVING RESOURCES, REDUCING WASTE.
THE ECOSYS EDGE.

All ECOSYS products comply with ENERGY STAR®, a program within the U.S. Environmental Protection Agency that establishes energy conservation guidelines. To minimize carbon footprint, and lower total cost of ownership, Kyocera proudly offers long-life patented drums, high-yield consumables, standard duplex printing, programmable Energy Saver functions and low Typical Electrical Consumption (TEC) values. Always working in harmony with the environment, Kyocera's ECO footPRINT® Toner Recycling Program transforms 100 percent of every recycled cartridge into useful objects.

MOBILE & CLOUD CONNECTIVITY.
FREEDOM TO ROAM.

Using Kyocera's suite of versatile mobile and cloud solutions, seamlessly print documents, web pages and images, as well as copy, scan and email (MFP models). Connect from a smartphone, tablet or laptop to a compatible networked KYOCERA device (on the same network) or access cloud services (e.g., Google Drive, Dropbox, etc.) from an MFP touch screen. While on the go, tap into the convenient USB port, for fast, easy Print-from / Scan-to USB flash drive operations. Kyocera's unmatched mobile and cloud capabilities provide seamless access to documents, when and where needed.

DOCUMENT BOX.
SAVE TIME & EFFORT.

An ECOSYS MFP or Printer equipped with an optional hard drive has an added feature called Document Box. A designated area for file storage, this feature allows users to scan documents (MFPs) and direct print jobs to a pre-set folder. Document Box fully automates repetitive tasks, like distributing brochures, fliers and maps. Retrieve, print and share, at the touch of a button.

FLEET MONITORING.
WINDOW INTO WORKFLOW.

KYOCERA Fleet Services (KFS) is a cloud-based software tool that makes remote management of networked MFPs and printers easier than ever before. Optimize device uptime and reduce costs by enabling system administrators to gain real-time visibility into device status, counter activity, supply levels and usage trends. Proactive fleet management is hassle-free, as reports, service alerts and metrics enable your service organization to better meet unique and evolving workflow needs.

DEVICE STATUS & SETTINGS.
AT A GLANCE.

KYOCERA Command Center RX is an embedded utility that enables authorized users to remotely view the status, toner level(s) and paper availability of a specific device. Authenticated administrators have added capabilities, including the ability to adjust settings, print drivers, add / remove Document Box folders and build an Address Book (MFP) for quick, error-free scan-to-email.

OPTIMIZE DEVICE PERFORMANCE.
AUTOMATE PROCESSES.

KYOCERA Business Applications automate workflows so users accomplish more, in less time. Built on Kyocera's innovative HyPAS software platform, this impressive suite of highly-scalable solutions can be integrated with select Kyocera MFPs. From mobile and cloud to cost control and security solutions, users can leverage plug-and-play tools that automate otherwise cumbersome processes.

PROTECT ASSETS.
MULTI-LAYER SECURITY.

Kyocera takes a comprehensive approach to information security, ensuring that sensitive documents and valuable data is fully protected. Standard Private Print and User Authentication, for instance, restrict walk-up access to the device. To further safeguard assets, the Card Authentication Kit option, when installed, requires that users swipe their company-issued ID card before access to system functions is granted. And to prevent compromise of latent copy, print and scan data, the Data Security Kit option will automatically erase contents of the hard drive. To further fortify network data streams, KYOCERA Net Manager (KNM) controls document workflow. This server-based application is designed to protect confidential data, manage document output and related printing costs. Lastly, to physically secure the device, each system is equipped with an integrated slot for a Kensington Lock.

THREE COLOR MFPs. TRUE CONVENIENCE.

The budget-friendly ECOSYS M6635cidn Series Color MFPs provide all the document processing flexibility needed to dramatically improve workflow, while conserving valuable space and energy.

	ECOSYS M6635cidn	ECOSYS M6235cidn	ECOSYS M6630cidn
Functions	Color Print / Copy / Scan / Fax	Color Print / Copy / Scan	Color Print / Copy / Scan / Fax
Speed (Letter)	37 ppm Black / 37 ppm Color		32 ppm Black / 32 ppm Color
Display Panel	7" Color Touch Screen Interface (TSI)		
Max. Resolution	True 1200 x 1200 dpi[1]		
Standard Interfaces	10/100/1000BaseTX, Hi-Speed USB 2.0 Port, 2 USB Host Interface, 1 Expansion Slot		
Optional Interfaces	Wireless LAN IB-36 (Apple AirPrint® and Wi-Fi Direct) and IB-51, Dual Gigabit NIC IB-50		
Memory (Std / Max.)	1 GB / 3 GB		
Hard Drive (Opt.)	32 GB (HD-6) / 128 GB (HD-7)		
Document Processor Type / Capacity	Standard Dual Scan Document Processor / 100 Sheets		Standard Reversing Automatic Document Processor (RADF) / 75 Sheets
Paper Capacity (Std / Max.)	350 Sheets (250 + 100 MPT) / 1,850 Sheets		
Paper Size (Min. / Max.)	5.5" x 8.5" – 8.5" x 14"		
Dual (two-sided) Output	Standard		
Scan-to Capabilities	Email / Folder / FTP / USB / WSD / TWAIN-WIA		
Mobile & Cloud Capabilities	KYOCERA Mobile Print™, KYOCERA Mobile Print for Students, KYOCERA Print Service Plugin, Apple AirPrint®[2] & Wi-Fi Direct[2], Google Cloud Print™, KYOCERA MyPanel, Mopria®		
HyPAS Capable	Yes[3]		
KYOCERA Fleet Services (KFS) Ready	Standard		
KYOCERA Net Manager (KNM) Ready	Standard		
Device & Data Security	Optional Card Authentication Kit (B), Data Security Kit (E)		
Kensington Lock Compatibility	Standard		
Stand	Optional		
Max. Monthly Volume (Pages)	100,000		

[1] At reduced speed.
[2] Requires optional Wireless LAN IB-36.
[3] Requires optional SD Card, HD-6 or HD-7.

THREE COLOR PRINTERS. UNLIMITED PRODUCTIVITY.

The ECOSYS P7240cdn Series sets a new benchmark in efficiency and productivity.
Powerful out-of-box, with room to grow, these modular printers adapt to the way you work.

	ECOSYS P7240cdn	ECOSYS P6235cdn	ECOSYS P6230cdn
Functions	Color Print		
Speed (Letter)	42 ppm Black / 42 ppm Color	37 ppm Black / 37 ppm Color	32 ppm Black / 32 ppm Color
Display Panel	5-line LCD		2-line LCD
Max. Resolution	True 1200 x 1200 dpi[1]		
Standard Interfaces	10/100/1000BaseTX, Hi-Speed USB 2.0 Port, 2 USB Host Interface, 1 Expansion Slot		
Optional Interfaces	Wireless LAN IB-36 (Apple AirPrint® and Wi-Fi Direct) and IB-51, Dual Gigabit NIC IB-50		
Memory (Std / Max.)	1 GB / 3 GB		1 GB / 1 GB
Hard Drive (Opt.)	32 GB (HD-6) / 128 GB (HD-7)		
Paper Capacity (Std / Max.)	600 Sheets (500 + 100 MPT) / 2,100 Sheets		
Paper Size (Min. / Max.)	5.5" x 8.5" – 8.5" x 14"		
Dual (two-sided) Output	Standard		
Mobile Print Capability	KYOCERA Mobile Print™, KYOCERA Mobile Print for Students, KYOCERA MyPanel, KYOCERA Print Service Plugin, Apple AirPrint®[2] & Wi-Fi Direct[2], Google Cloud Print™, Mopria®		
KYOCERA Fleet Services (KFS) Ready	Standard		
KYOCERA Net Manager (KNM) Ready	Standard		
Device & Data Security	Optional Card Authentication Kit (B), Data Security Kit (E)		
Kensington Lock Compatibility	Standard		
Stand	Optional		
Max. Monthly Volume (Pages)	150,000	100,000	

[1] At reduced speed.
[2] Requires optional Wireless LAN IB-36
